

Teledentistry Patient Consent and Acknowledgement

I understand that teledentistry means that the dentist will not be physically present during my/my child's visit. As such, I understand that a full diagnosis may not be available at the time of or immediately following my appointment. I understand that I have virtual access to my/my child's dental records, but may have limited or asynchronous access to my dentist or provider after the time of service. I specifically consent to the taking or use of photographs, radiographs, and video recordings and the transmission of these images and video to provide telehealth dental services. I acknowledge that while my provider takes best-in-class information security measures, teledentistry requires the use of transmitting patient information over secure internet channels. I acknowledge that teledentistry may not be appropriate for all clinical situations, and before, during, or after my visit I may be referred to an outside dentist, provider or in-person medical or dental service.

The following providers listed are all providers who could potentially be involved in the patient's care via asynchronous teledentistry:

Dr.Emily Burns, D.M.D #DEN4577 Dr.Angela Hastings, D.M.D #DEN4517 Dr.Jenny Burnicini, D.M.D. #DEN4114
